Footprints of the Day

Morning Steps for Lower Foundation

We believe children need routine and 'footprints of the day' that they recognise and within which they feel safe and emotionally secure. The family group worker is crucial in providing reassurance and friendship to the child and its family, in a way that fosters happiness and well-being for all. It's important that you know your child is loved and cared for, but most importantly, that your child is well understood and supported by adults who respond appropriately.

- **Step 1: 8.30-9.00 (30 minutes)**

TLC Time (toast, love and care). A time for your child to arrive and settle into the day.
