A message from Miss Woodward

As we come to the end of the week, we all need to take a minute and reflect on how well we are doing. Like you, we are a parent, a son/daughter, a brother/sister..... we are going through the same challenges as yourselves with our families and our mental health. We can empathise with your situation and endeavour to support you where possible. But I feel we all need to remember we have all succeeded in many ways during lockdown and we need to remember to celebrate these 'wins' and say **WELL DONE** to ourselves.

We appreciate that you may be feeling anxious about schools remaining closed until at least the 8th March and the continuation of home learning. In order to help you further, this week we are sending you a **questionnaire** on **ParentHub** to seek your views and feedback about home learning. Together we will support each other and make improvements to help support you at home. We fully understand that home learning is difficult. This week we are also sending out links to our key stage assemblies and our whole school praise assembly. We are hoping this will help the children feel more connected with school.

Take care and stay safe
Miss Woodward

Even though we can't all be together in school at the moment, we would like to hold class carnival celebrations where we have a day off from Google Classroom and looking at screens!

These will take place during the last week of half term on a day chosen by your child's class teacher.

It will be a day for wearing colourful clothes, playing games, dancing, drumming and eating party food! Lots of the children have been designing and making masks, floats and headdresses so this will be a great chance to wear them!

You will be able to share your Carnival day on Seesaw so all your friends can see! Look out for information from your child's class teacher about when and what will be happening in your class!

Celebrating Home Learning

In these challenging and difficult times, we believe it is important to celebrate the exceptional work our children are producing at home. We recognise the effort and pride that is going into learning at home. We would like to say a **huge thank you** to all our parents and carers for supporting their children with home learning. **You are all stars.** Here is a snapshot of some of the wonderful home learning.
